RE: Inspection of the Light's Mine, S/049/016 (ML #44931) and Kells Mine, S/049/017 (ML #44926), Utah County, Utah.

Dear Mr. Light:

Thank you for submitting your annual reports for the referenced mining operations. In reviewing these reports, it has come to my attention that three growing seasons have now passed and a final inspection is now warranted so that we can close the files on these operations. Since the phone number we have on file for you is no longer valid, would you please give me a call at (801) 538-5340 at your earliest convenience so that we can schedule a day and time to inspect these two sites.

Thank you for your cooperation and patience in closing these files.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lynn Kunzler'.
